ABOUT ME

A hardworking and skillful Software Developer with 1+ year experience in Frontend Web and Mobile Development, as well as UI/UX Designer. I am excited to show my expertise by contributing to projects and collaborating with others.

EXPERTISE

- Proficiency in Frontend Web and Mobile Languages such as Javascript, Typescript, PHP, and Python.
- Proficiency in Frontend Web and Mobile Technologies such as React JS, Next JS, Expo, React Native, Tailwind CSS, HTML, CSS, Javascript, UI libraries such as ShadCN and Mantine, React Query, and Apollo Query.
- Understanding of backend technologies such as Nest JS both REST API and GraphQL, Express JS, and Python Django.
- Understanding of database systems including MySQL, PostgreSQL, MongoDB, Supabase, and Firebase.
- Writing Unit Test Cases using Jest to ensure frontend stability.
- Strong problem-solving skills for troubleshooting and performance optimization.
- Effective communication skills for collaborating with frontend developers, designers, and other team members.
- Commitment to continuous learning and staying updated with industry trends and best practices.

EDUCATION

Bachelor of Science in Information Technology

BULACAN STATE UNIVERSITY

2020- 2024

- Consistent Deans Lister
- Former President of Prestigious Organization of Software and Hardware Elite Developers

WORK EXPERIENCE

WEB AND MOBILE SOFTWARE DEVELOPER INTERN

Cauld and Clark IT Solutions   Jan 2024 - May 2024

- I worked on multiple features for their Web-based application using Next JS, Tailwind CSS, and Mantine UI.
- I learned a lot of new frontend and backend technologies such as Nest JS, GraphQL, Docker, and Apollo Client.
- I was the Lead Developer for one of the Mobile Applications used in their system where I used Expo, React Native, Paper UI, TWRNC, GraphQL, and Apollo Query.
- I had great coordination with the developers within the company and I contributed ideas during our meetings.
